PROFESSIONAL SUMMARY

Final-year B.Tech (AI & Data Science, CGPA 8.22) graduate with skilled in Java, SQL, and object-oriented programming, backed by hands-on full-stack development experience through internships and academic projects. Known for good communication, quick learning, and the ability to collaborate effectively in fast-paced, team-driven environments. Eager to join Hexaware as a Graduate Engineer Trainee to apply strong analytical thinking and a proactive, adaptable mindset toward cross-skilling and delivering high-quality, innovative solutions.

SKILLS

Programming Languages: Java, python

Frontend: HTML, CSS, JavaScript

Backend: Core Java

Databases: SQL

Tools: GitHub, Visual Studio Code

Soft Skills: Teamwork , Leadership, Quick Learner

INTERNSHIP EXPERIENCE

UI/UX Development Intern - Techforge

Dec 2024 – Jan

2025

- Collaborated with the design team to enhance user experience and visual appeal by applying modern UI design principles and industry best practices.
- Gained practical, hands-on exposure to UI/UX design workflows, wireframing, and frontend development concepts, strengthening the foundation for building intuitive, user-centered interfaces.

Web Development Intern - CodeBind Technologies, Coimbatore

Dec 2025

- Designed, queried, and managed SQL databases to support efficient storage, retrieval, and manipulation of application data.
- Applied core Java concepts and backend development fundamentals to support feature implementation across a live project.
- Strengthened problem-solving and teamwork abilities by collaborating with peers on real-time development tasks in a fast-paced environment.

PROJECTS

One Stop Personalized Career and Education Advisor (HTML, CSS, JavaScript, SQL, Java)

- Developed a full-stack web application that delivers personalized career and educational guidance based on individual user input and preferences.
- Designed and implemented a responsive, user-friendly interface, improving accessibility and overall user experience.

BloodLink Tracker: Emergency Blood Donor System (HTML, CSS, JavaScript, Java, SQL, CNN Algorithm)

- Built an emergency blood donor management system that enables fast, location-based access to verified donor information.
- Implemented a CNN-based prediction model to automate donor matching, improving speed and accuracy of emergency response.
- Enhanced data handling efficiency and streamlined the application workflow to deliver a smoother, more reliable user experience.

CERTIFICATIONS & ACHIEVEMENTS

- Social Network Analysis — NPTEL
- Python and Web Development — L&T EduTech
- Java, SQL, Python — HackerRank
- AWS Generative AI Virtual Internship — AICTE
- TCS iON CareerEdge – Young Professional / IT Primer
- Full Stack Web Development — Udemy

EDUCATION

B.Tech – AI & Data Science (CGPA: 8.22) — Excel Engineering College, Komarapalayam

2023 – 2027

HSC – Higher Secondary Certificate (79%) — Fathima Girls Higher Secondary School, Jayankondam

2023

SSLC – Secondary School Leaving Certificate (Pass) — Fathima Girls Higher Secondary School, Jayankondam

2021

LANGUAGES

Tamil, English
